

16th European International RV FlyIn Hoganas Airfield, ESMH Sweden August 6 - 8

Northwest Scania Aeroclub and EAA Sweden welcomes all RV pilots and builders and of course all Sport Pilots to the **16th Annual European International RV FlyIn** at Hoganas Airfield, **ESMH** in south Sweden.

With fuelprices in the area of €2 - €2.5 flying to the traditional FlyIns and meetings is still a must for the RV enthusiast. For many RV pilots and Sport pilots it has been a tradition to fly to the annual RV FlyIns around Europe.

Flying to the Hoganas RV FlyIn in your own RV has become an institution among RV pilots and the FlyIn to fly to for the RV enthusiasts throughout Scandinavia and Europe. Through the years there have been flying visitors from Germany, Holland, England, Spain, France, Italy and all the Nordic countries.

Many builders and builders-to-be have been visiting the FlyIn to meet with old friends and enjoy good food and RV chatting.

With the RVs being excellent and economic travelling aeroplanes Hoganas is not more than 4-6 hours away from most European airfields. Arriving Friday afternoon gives you a relaxing weekend before flying back home on Sunday afternoon/Monday morning or travelling on for your flying holiday trip.

Departing from within EU you may fly direct to Hoganas, departing from outside EU you have to enter EU on a customs airfield somewhere on route.

As always RVers, and of course all Sport Pilots are very well taken care of by the aeroclub members. Food and drinks at low prices are available all days; BBQ Friday and Saturday evenings and full Swedish breakfast Saturday and Sunday mornings.

Unleaded fuel, **91/96UL** at **€1,95** and **100LL** at **€ 2,05** (around) and airplane maintenance shop available all weekend. No landing or parking fees.

Minibus transportation to and around town is available at all times.

Accommodation is available in the clubhouse (limited) and in B&B around the town. Excellent campgrounds outside of the clubhouse, toilets and showers inside. For hotel reservations please see our club website for hotels near and around Hoganas.

There will be Technical Forum and FlyOut activities for the pilots and Ground activities for the non-flying visitors. A traditional NavRace/FlyOut around the local areas will be arranged.

For airfield and aeroclub info, check www.nsf.se

For more info about the FlyIn, check www.ollesrv6.se

See you all at Hoganas August 6 - 8!

This year we appreciate your pre-registration (not mandatory). Send an e-mail to olles.rv6@telia.com with Crew members name and home address, e-mail, RVno/Other and registration. Also preferred lodging – clubhouse is limited to five rooms with 17 beds – B&B, hostel or hotel. Hotel reservations have to be made in advance by yourself as getting a hotel room at arrival is almost impossible, list of hotels nearby at the club website www.nsf.se. On my website www.ollesrv6.se there will be a list of pre-registered attendants, updated eachweek from May 1st.

Hoganas is the first Scandinavian EuroCity, so all prices at the airfield and in town are in Euros. We will accept MC and VISA and cash SwCr, DanCr and Euro.

(Presentation on www.nsf.se, RVFlyIn 2010)

Name	Address	e-mail	RVno/Other	Reg-no	Prefered lodging

Will there be a RV-3, -4, -6/6A, -7/7A, -8, -9/9A, -10 at Hoganas this year?
